Yet J. F. Bodman says: "Values are Yet J. F. Bodm Railways weaker. Texas Pacific fell off to 67. State securities steady.

Stocks—The stock market opened irregular, but before the first call prices advanced † to † per cent. Subsequently the market became unsettled and there was some pressure to sell leading shares, particularly Union Pacific, Jersey Central, St.

some pressure to sell leading shares, particularly Union Pacific, Jersey Central, St. Paul, Northwestern and Lackawanna. The announcement of the new issue of \$5,000,000 bonds by St. Paul was used to depress stocks. Jersey Central, however, marked the greatest decline, dropping from 54½ to 50. Aftar the second call a steady tone prevailed, and later on, when Manager Camp, of the Clearinghouse, attated that no bank in the city had asked assistance from the Clearinghouse Committee, and all rumors to that effect were interly false, the smaller lears began to over. At 2° o'clock p.m. advices from Boston were that President Adams, of the Union Pacific, had published a statement showing the earnings of the company for the fiscal year ended June 30, 1884, were at the rate of 5.22 per cent. on stock after at the rate of 5.22 per cent. On stock after at the rate of 5.22 per cent. On stock after at the rate of 5.22 per cent. On stock after at the rate of 5.22 per all charges had been met. President Adams, in his report, stated that the twelve months

all charges had been met. President Adams, in his report, stated that the twelve montts covered were unfavorable, as any system was likely to experience. In the rise which followed Union Pacific was prominent, selling up from 451 to 483 near the close. Jersey Central to 50½651. The improvement in the remainder of the list was partially lost. Borrowing demand was brisk, Lackawanna lending at ½61-16, New York Central 1-04½01-10, Rock Island, Lakes Shore, Michigan Central and Northwestern flat to 1-04, and &t. Paul, Western Union, Union Pacific preferred 1-64, Northwestern flat to 1-04, and &t. Paul, Western Union, Union Pacific and Missouri Pacific flat. Compared with last night closing prices are 1-5-2 per cent, higher, ex ept Central Pacific which is 1 lower, Erie 3. Delaware and Hudson, 14 and Jersey Central 1-per cent. MOVEMENTS AT THE LEVER.

The Lee Line packets to-morrow evening are the James Lee, for Friars Point, and the Dean Adams, for Osceola. THE Anchor Line packets to-morrow morning are the Commonwealth, for Vicksburg, and the Arkansas City, for St. THE Will S. Hays, Capt. Mark. R. Cheek

is the United States mail packet this evening at 5 o'clock for Arkansas City and all way landings. W. C. Blenker has charge of her office, assisted by A. Banksmith, Lew Price and Rufus Foster. The Hays will connect at Terrene, mouth of White river, with the R. L. Cobb for all points on Arkansas income. points on Arkansas river. GENERAL NEWS. THE Lee Line packets are beginning to ring in the cotton and seed pretty fairly

CAPT. MILT R. HARRY returned yester-day from a visit to his family at Augusta RECEIPTS by river yesterday, 91 bales of cotton, 18 bags of seed-cotton and 82 sacks of cotton-seed. THE City of Baton Rouge, passing to St. Louis early yesterday morning, discharged a good lot of freight. The City of St. Louis passed to New Or-leans yesterday morning with 1600 tons of freight and a lighter in tow. THE R. S. Hayes and barges cleared for St. Louis late yesterday evening. She as-sisted the Future City in double-tripping past President's Island. The gentle rain of yesterday morning did a power o' good to the parched earth in this locality. Some more of the same sort was sent us early last night.

THE Will S. Hays leaves for Arkansas City this evening on her last trip. The Kate Adams takes her place Monday, the Hays returning to the Vicksburg trade. A PASSENGER debarking from a passing steamer yesterday got a whiff of that sewer below Union street and, after getting a firm grip on his smelling apparatus, remarked: "Well, I thoughd Cideiddati was bad edough, but Bebphis beats h—ll." CINCINNATI Times-Star, Tuesday: "Last evening, while the Andy Baum was being taken out on the Eureka dry docks, the lower section sunk. The towboats Cham-pion and Charley Clark pumped at it all night, and were hard at work this morning, trying to raise it." Sr. Louis Republican, Tuesday: "The Charles P. Chouteau was having her chimneys lengthened yesterday, preparatory to resuming her place in the cotton trade between Memphis and New Orleans. Capt. Thorwegan expects to start South

THE copious but gentle rain yesterday norning somewhat allayed the foul stench morning somewhat allayed the loui stench that arises from that broken sewer in the wharf, but, long toward the shank of the day the hot sun began to distill nanseous vapors from the discharge, and the nui-sance became more intolerable than ever. THE Chickasaw arrived from White river early yesterday morning, coming from the mouth of White river in 20 hours and 55 minutes, which is lightning record at the present stage of water. She brought a good lof of cotton and returned last evening with about all the freight she

Last evening with about all the freight she wanted.

Carbo special, Monday, to the St. Louis Globe-Democrat: "The condition of the river bank at Bird's Point is getting rapidly worse and promises in the near future to interrupt traffic on the Iron Mountain railroad incline, as it already has done with that of the Texas and St. Louis track. The bank is caving into the river in large sections, beginning at the point of junction of the two rivers and extending to the Iron Mountain incline, that of the Texas and St. Louis being entirely undermined, cradles drawn up and whole thing abandoned. Thompson Bird states that he has lost over 100 acres of rich land in the last S years from the wash, and from present indications as much more will be lost in fess time. The cave this year has been worse than for years. One dwelling house, located near the river, has been built upon wheels, thus placing everything in readiness for any emergency. The current sets in strongly against the Iron Mountain incline, and had it not been built unusually substantial would bave been swamped ere this. The guard piles have already disappeared. It is not improbable that a system of mattress work will be instituted in the protection of railroad property at this place, and as matters are getting werse daily prompt action would seem necessary."

and pleasant.

The object of this company is to realize, with the Pan-Electric Company, its most admirable idea, s. e., to introduce inventions already made, and to develop wast fields of electric discovery through the united effort fas the original pamphlet expressed it) "of learned Electricuass and skill-ful Mechanics," for the payment of whom company stock will be sold, having its value based, not only on the new systems, but also "on the future possibilities of electricity," and on valuable properties already belonging to the Company.

"The Rogers Telegraph and Telephone Company" has secured the right to operate in the State of Pennsylvania, with her hundred towns and clities, "The Pan-Electric Telephone," with a guarantee from the Parent Company to defend infringement suits, should any arise against it.

This telephone has been introduced into New York by parties representing several million dollars, who give forty per cent. of their local stock and \$10 per annum royality on each instrument to and \$10 per annum royality on each instrument to The following observations are taken at the same moment of time (1:08 p.m.) at all the Above Rise. | Fall.

MOVEMENTS OF OCEAN STEAMERS.

GLASGOW, September 17.—Arrived: Alabama, New York.

LIVERPOOL, September 17.—Arrived: Nova Sectia, Baltimore.

Hamburg, September 17.—Arrived: Westphalia, New York.

Westphalia, New York.

Washington, D. C., January 5, 1884.

Draw Sir—In reply to your question propounded in the note hereto attached, I beg to say: I have given the subject referred to much attention, and have closely examined several opinions delivered by different courts in controversies between the Bell Telephone Company. Dolbear, Spencer Ghegan, and there, and I am clearly on in no wise infringes the Bell Telephone. From the carried difference, the carried courts in the replacement. This is recognized in the historic case of O'Reilly vs. Norse, 15 How., U. S. Reps. 62, and in numerous decisions since that: but more clearly. Hamburg, September 17. — Arrived: Westphalia, New York.

ys. Norse, 15 How., U.S. Reps. 62, and in numerous decisions since that; but more clearly, and with more direct application to the matter now in hand, in Clough vs. Manufacturing Company, 165 U.S. Reps., 178; October term 'United States Supreme Court, 1882.)

Without attempting any minute detail touching the inventions in question, I am satisfied thoroughly so—that the difference between them is wider and more distinct than that recognized by the court in the case 106 U.S. Reps., Sup.

The courts hold that a "Substantial departure" from a former invention is patential departure" from a former invention is patential departure" from a former invention is patential departure. (Fig. 2008).

This, in my judgment, is more than enough to insure the Pan-Electric Tolephone from any charge of infringement of the Bell Telephone. Very truly, etc.,

A. H. GARLAND.

D. E. Myrrs, Esq., National Hotel, City. QUEENSTOWN, September 17.—Arrived: America, New York. Time of passage, 6 days, 20 hours and 4 minutes. WEAK, UNDEVELOPED PARTS OF THE HUMAN BODY ENLARGED, P. FELOPI

Senator Harris, another eminent lawyer of the Senate of the United States, has also given the subject prefound investigation from Reiss's original invention of the Telephone, in Germany, down to Drawbauch's, Bell's and Rogers's reproduction of it in America; and heartily concurs with Judge Garland.

The judges of the Supreme Court of Pennsylvania have lately denied an injunction to the Bell Company on their broad claims; and the most eminent jurists throughout the country agree with them in the above opinion.

Thus guaranteed against infringement suits, and having secured rights in those marvelous instruments, and owning the various properties described above. 'The Rogers Telegraph and Telephone Company,' incorporated under the laws of the State of New York, April 21, 1884, was capitalized at \$6,000,000, divided into shares of \$100 each.

It is possible that the Telephone stock alone—to say nothing of the future possibilities of Electrosis,' may, like that of the Bell Company, which was capitalized at \$10,000,000, rise to very high prices; but for the sake of rapid construction, and to develop the rich mines of electrical discovery alrendy in sight, the company offers to investors and speculators very rare opportunities—for holders of this rock hold, in effect, shares of old the above stocks. A POSITIVE Cure without Med One box will cure the most obstinate case in four Allan's Soluble Medicated Bougies. No nauseous doses of cubels, copaiba or oil of sandalwood that are certain to produce dyspepsia by destroying the coatings of the stomach. Price, \$1.50. WITH MAY mean "Poisoned with Potash." This is the case with hundreds who have been un-wise enough to take Sarsaparilla, Potash mixtures, etc., until digestion is almost fatally im-paired. Sprin's Specific is a vegetable remedy,

But Finally Relieved by S. S. S.

"I was sufering with Blood Poison, and treated several months with Mercury and Potash, only to make me worse. The Potash took away my appetite and give me dyspepsia, and both gave me rheumatism. I then took Sărsaparillas, etc. All these Sarsaparilla mixtures have Potash in them. This made me still worse, as it drove the poison farther into my system, A friend insisted I should take Swift's Specific, and it cured me of the Blood Poison, drove the Mercury and Potash out of my system, and to-day I am as well as I ever was."

John A. Smith, the largest merchant in Gaines-ville, Ga., says: "I suffered for years from the combined effects of Erysipelas and Ecsema. I continued to grow worse under medical treatment and by taking medicine containing Potash. S.S. S. cured me thoroughly and absolutely. My appositic, strength and fiesh returned as I was oured with it." LET TRUTH TELL ITS STORY!
